## *ENVIRONMENTAL POLICY*

**CIRCUITS DE CATALUNYA S.L.** declares its commitment to actively achieve the highest possible environmental friendliness, implementing environmental protection in the overall management strategy of its activities, i.e. the Organization of worldwide renown sports events and the letting of its facilities.

As our main environmental target, we have set ourselves the progressive and continual reduction to minimum levels of the negative effects on the environment and on the well-being of people, using the best available technology compatible with our activity, preventing pollution and pre-assessing the repercussions on the environment of any new activities and services, with the aim of achieving a continuous improvement.

**CIRCUITS DE CATALUNYA S.L.** is well aware of its responsibility towards the environment and commits itself to observe the environmental regulations and other applicable requirements, and, as far as possible, to go beyond legal demands developing and keeping an Environmental Management System, and defining the following principles of action:

- ❖ To manage the external noise impact
- ❖ To encourage a sustainable mobility, promoting public transport
- ❖ To favour landscape integration, keeping and extending green areas and plant species.

Moreover, to work in:

- ❖ Minimising the consumption of resources and waste creation, encouraging the use of recycled materials, of renewable energy sources and the valuation of residues.
- ❖ Co-operating with our suppliers and subcontractors to improve environmental protection and friendliness.
- ❖ Making spectators and all stakeholders in general, aware of environmental friendliness.

This Environmental Policy will be reviewed periodically, as well as the fulfilment of the targets.

We kindly ask you for your co-operation in order to be successful in our commitment to the environment.
